## Introduction

WPI is a non-denominational Christian music ministry characterized by spiritual revival, musical skills development, youth empowerment, and transcultural transformation.

By God's grace, through our annual praise and worship programme (Worshipper's Praise), high school outreaches, School of Worshipers training programme, and other pertinent activities, we have impacted hundreds of worshippers and touched many lives since our inception.

To sustain and expand this vision, we invite you to become a Partner of WPI (POWPI) – a personal partnership network of individuals\* who share our vision and choose to stand with us in prayer and with periodic financial or in-kind contributions.

*\*There is a separate partnership opportunity for organizations. Kindly let us know if you are interested in that*
